

# Safety Information and Resources for Women in Construction

## Speak Up Saves Lives app

If you see something unsafe in your workplace, then our **SpeakUp Saves Lives** app lets you report on an unsafe work situation, while giving you the choice to remain anonymous.

The app is available to download for free.

## Call us directly

To seek advice, report a health and safety concern or to speak to an Inspector about any health and safety matter **call 13 10 50**

## Visit our website

For information and guidance materials visit **[safework.nsw.gov.au](https://safework.nsw.gov.au)**

## We have resources for you

SafeWork NSW has a variety of resources to help you navigate workplace health and safety in the construction industry. Scan the QR codes to find out more.

### Women in Construction – SafetyCast

Our SafetyCasts are short, pre-recorded talks about various building and construction safety topics hosted by SafeWork NSW inspectors. This episode features women sharing

their experiences of working in the construction industry in traffic control, brick laying, electrical and WHS Management.

### Pocket Guide to Construction Safety

The Pocket Guide to Construction Safety provides practical information on common health and safety issues on construction sites including working at heights, falling objects,

plant, electricity and amenities.

### Respect at Work Taskforce

SafeWork NSW is establishing a Respect at Work Taskforce to address harmful workplace behaviours that particularly affect women in the workplace, including

sexual harassment. Find out about the work being done by this taskforce as well as available support services.

### Construction Site Supervisor Webinars

SafeWork NSW has a series of webinars available, on-demand, covering a variety of safety topics. These webinars can be viewed in any order, at any time and provide

valuable safety information, presented by our knowledgeable inspectors. You can access these webinars by scanning the QR code and scrolling down to the '**Construction Site Supervisor Webinar Series**'.

### Building and Construction Page

The Building and Construction page on the SafeWork NSW website is the home to safety information covering a broad range of topics within the construction industry. Here, you will

find resources and links to help you stay safe in your day to day work.
