

WORK HEALTH AND SAFETY
ROADMAP FOR NSW 2022

EMBEDDING THE HEALTH AND SAFETY LANDSCAPE

STAKEHOLDER ACTION PLAN

LET'S TALK SAFETY

Our plan Our commitment

OUR COMMITMENT TO THE ROADMAP FOR NSW 2022

The Roadmap (to accompany this action plan) has the Vision - 'Healthy, safe, and productive working lives' - and sets out targets to measure success by 2022:

- 20% decline* in worker fatalities due to injury
- 30% decline* in the serious injuries and illness incidence rate of claims
- 30% decline* in the serious musculoskeletal injuries and illnesses incidence rate of claims

Three Action Areas will help all of us achieve these targets together:

- Action Area I - Embed the 'Health and Safety Landscape' in NSW workplaces,
- Action Area II - Help SafeWork NSW Prioritise sectors, harms, workers and workplaces where the most significant WHS risks exist,
- Action Area III - Help SafeWork NSW build exemplar regulatory services.

A key enabler in this is a strong commitment from everyone who has an influence on work health and safety in NSW to support SafeWork NSW in Action Areas II and III as well as take direct ownership (with the support of SafeWork NSW) for Action Area I.

This action plan is designed to facilitate the effective embedding of the Health and Safety Landscape for all stakeholders that are influenced by its direction and scope.
